Buy Online. Price includes shipping (depending on which option you select). Great Price for High Quality Projector.
High resolution projector with 5.8 inch LCD panel has a brightness of 3800 Lumens and contrast ratio of 2000:1 supporting WUXGA (1920x1200) inputs.

HOME THEATER LED PROJECTOR
This home theater LED projector has a 5.8 inch LCD panel and emits a beautifully detailed crystal clear image that displays at 1280x768 DPI resolution and has dimensions anywhere from 26 to 114 inches. The 3800 lumens output make the colors more vivid, which results in brighter sharper images for your enjoyment, along with a contrast ratio of 2000:1 you get quality images that can be projected onto a large screen without causing any noticeable degradation or being washed out so the image quality is ideal for your home cinema setup, a lecture theater, conference room or broadcasting the sports channel in a bar.

VIEW THE LATEST HD MEDIA
Keystone correction and manual focus allow for easy setup without the image becoming distorted and with a 3 second fast boot you needn`t miss out on the action while waiting for this project to heat up as its ready to go almost instantaneously. The 4:3 and 16:9 aspect ratios are suitable for standard TV broadcasts as well as blockbuster films and the WUXGA (1920x1200) supported input lets you view the latest HD media. With input ports that support HDMI, USB flash drives, AV, YpBpRb and VGA inputs as well there are loads of options for connecting this stunningly priced high end LED projector your media for enjoyment wherever you may be.

This product is in stock now we guarantee 5 working days shipping and offer 12 months warranty on all our products. Brought to you by the trusted electronic retailer and wholesaler vendors, gadgetsolutionsonline.co.
