Ural Solo, one of 6 without the sidecar in RSA. Good condition, stood for a while and now one piston not firing as well as kick start must be re-adjusted.

Based on the German BMW WW2 bikes, 4000 odd Km's on the clock. Recently did the Carb over. Has original Russian tires with 90% tread, shaft driven.

Will consider a swap for a car. Has papers but are behind 2 yrs.
