Suntek 12MP, 1080p HD Camera Trap/Trail Camera for Hunting and Security + FREE 32Gig Memory Card

R3499

The Suntek Hunting Game and Security Camera is a digital trail camera with MMS functionality, and a surveillance camera that works completely automatically.

It can be triggered at once by any movement of human (or animals) in a certain region of interest (ROI) monitored by a high sensitive Passive Infrared (PIR) motion sensors, which then automatically captures high quality pictures (up to 12M pixels) or records 1080p HD video clips (WVGA or QVGA).

At sunrise the unit begins to take color photos and video until there is insufficient light (dusk) when it begins to take infrared (monochrome) photos and video.

It is easy to use, there is a 2.0 inch colorful LCD display on camera, and it supports MMS/SMTP/SMS/E-mail via GPRS Network. It is resistant against water and snow for outside uses by Camera Body Interface.

Contents

- 1 X Digital Trail Camera
- 1 X Wireless Remote Control
- 1 X Antenna

- 1 X USB Cable
- 1 X Memory Card
