White whirlpool 10.5kg washing machine. In good working order. The machine have different cycles's where you can wash form jerseys until blankets and bulky duvets. Machine have extra rinse and work with cold and hot water. You just need to put in your washing and set the program. The machine will wash and rinse, you just need to remove your washing and hang it up.

Excellent buy. Reason why I have to sell the machine is that we are moving to a duplex and there is no space for at top-loader.

I will show you the machine cycles for you to see that the machine is in good working order.
