Why pay a ridiculous price for a hearing aid when we can offer you a new quality Digital Budget hearing aid at a fraction of the price? This is NOT an 'el cheapo' product. This is a small behind the ear (BTE) hearing aid, hardly visible. See the attached photo. This aid offers high amplification suitable for moderate to severe hearing loss.

We are based in Randpark Ridge, Johannesburg. If you live in Johannesburg then come and test one of these aids for yourself. You only pay for it after trying it yourself.

If you can't get to us then we will delivery free via Post Office or if you prefer next day delivery country wide costing R185 via Postnet.
