Product Overview

The Samsung Galaxy T561 TAB E 9.6 inch TFT Capacitive Touchscreen 3G and Wifi Tablet PC uses innovative technology that delivers essential functionality and powerful performance right at your fingertips. It features a brilliant design that will have all eyes on it the moment you pull it out. This tablet has a classic design and sports an impressive pearl white black colour that looks sublime and sleek to the last inch.

This extremely portable and easy to use tablet is powered by a 1.3 GHz quad-core processor and features 1.5GB of RAM. It comes equipped with 8GB of built-in storage, a micro-USB port for charging and data sharing, as well as a MicroSD card slot that supports up to 128GB of additional storage capacity. For high-speed Internet connectivity this tablet is equipped with 3G and Wi-Fi is built-in. Bluetooth 4.0 connectivity is also integrated for wireless pairing with compatible devices, such as headphones and other Bluetooth-enabled accessories.

This Galaxy Tab E houses a 9.6 inch TFT Capacitive Touchscreen display that produces images that are sharp and clearly defined with a high resolution of 800 x 1280 pixels and 16M colour support for your favourite applications. Capture the world around you in high definition with the 5MP rear camera, a 2MP front-facing camera that's perfect for video streaming and capturing all of life's memorable moments. Photo-friendly features, such as auto-focus and optical image stabilisation, are included.

The embedded 5000mAh battery is designed to offer hours of enjoyment before recharging is needed. The Galaxy Tab E comes with the Android 4.4 KitKat operating system, which integrates well with all the features and applications. A travel adapter and micro-USB cable are included. This unit measures 221.9x149.5x8.5mm and weighs 490 grams.
