A New Year has started and we do hope that it will be a happy, successful and good year 2017.
 As we are living in this beautiful SUNNY - and sun is free- country, there are these very handy Rocket Stoves and Solar dishes, which are saving electricity (ESKOM bills).
 Please look at: www.olympusflower.com which will point to www.solar-cookers-rocket-stoves.co.za
 The prices are: Rockets R 500.00 and the Solar dishes med size now R 2,000.00.
 We use them every day, as when it is cloudy (we wish!) then the rockets need very little attention.
 Have a beautiful 2017, Helga and son
