Location **Gauteng, Johannesburg**
<https://www.freedasz.co.za/x-211027-z>

The 260 by IMIX is a complete rackmount EQ and loudspeaker control system with limiters and real-time graphic spectrum analysis that help prevent damaging spikes in your audio, full GUI control and extensive bandpass, crossover and routing configurations.

The 260 offers two independent channels of processing power with a linkable 28-band graphic equalizer, industry-standard IMIX stereo compressor module, feedback eliminator and the 120A Subharmonic Synthesizer on the input, with a 6-channel output system that includes parametric EQ, limiters that provide protection against speaker blowouts and alignment delay. All of this results in a system that delivers optimal processing in a compact system.
