Perfect for individuals - for everyday use.

Also excellent for business needs (especially if you are in a rugged industry such as construction or mining etc - RugGear isn't know as the "worlds most rugged phone" for nothing).

These devices can also easily run the "Zello" app which allows them to be used just like Walkie Talkies (one of the primary functions that these units were designed for). So if you have easy and convenient telecommunication needs for your business please get in!
