BROAN Elite trash compactors take convenience, hygiene and style to a new level. But beautiful lines, rich finishes and automatic cycling features are just part of the story. Broan elite trash compactors

Inside is a clean compartment, a crushing mechanism with 3,000 pounds of continual force, electronic controls, and odour reduction systems. But what you take outside is what really makes a difference.

BROAN helps reduce your waste volume by 75%, and while thatâ€™s fewer steps to the garage, itâ€™s also less volume at the curb, and a smaller bundle in the truck that hauls it.
