

OBRIEN HAIL WAKEBOARD BINDING (3067 R)

Location **Gauteng, Cullinan**
<https://www.freeadsz.co.za/x-233129-z>

The Hail is geared for the Advanced Recreational to Tournament Level slalom skier. With a fit far better than its price would suggest, the Hail is non-directional (unlike the Legion), so left and right foot forward skiers can share the same ski. It is built on the renowned Sector chassis, with an aluminum plate. The low-profile design gets your center gravity as close to the water for faster turns.

Sizes: 5-7 / 7-10 / 10-12 / 12-14

LOW PRO CHASSIS DESIGN – In any type of dynamic motion, a low center of gravity is always the most important factor. A low CG means control in the turn, leverage in the pull, a faster reaction time, and highly sensitive feedback.

14 DEGREES OF ROTATION – Allows for small or large adjustment of the boot canting position. This allows the user to dial in the ski's characteristics with a whole new level of precision!

LASTED CONSTRUCTION – Shaped to the contours of a foot to make a left and right specific binding.

DUAL STRETCH ZONE – 2 release zones allow the heel of the skier to lift past the ankle – pressure zone, yet still providing extreme comfort, support and performance.

For more info on this product, you are most welcome to give us a call on 083 279 8071 or send an email to info@freeadsz.co.za or info@freeadsz.co.za will gladly assist you.
