SAMSA approved 'R' (Dams and Rivers) and 'E' (1nm Sea) course.

Final one day course for 2015 - Saturday, 21 December. We have seats available!

Without a skipper license in South Africa you cannot get finance to purchase a boat, insurance will not pay out when you in an accident and a person can be criminal charged if someone is injured. Authorities are now clamping down on unlicensed skippers in an attempt to make our waters safer. With more than 4,000 students through our training center over the past 8 years we have found that even the experienced boaters do not always know the rules, regulations and procedures to keep our waters safe.

Our helpful instructors will take you through the theory, practical demonstration and prepare you to successfully write the SAMSA exam.

Ladies welcome. This is not a physical course and we are proud to announce that we have a 100% pass rate for our lady students!
