Portable Breathalyzer - Digital Alcohol Breath Tester (Executive Edition) - G334

Portable Breathalyzer - Digital Alcohol Breath Tester: make your life safer for yourself and people around you!

Picture this: You are having a good dinner at your friends' place. They want to serve you another glass of champagne but you refuse since it's getting late and you have to drive your family home. After a cup of coffee to end this delicious meal, you say good bye, approach your car, put your hand in your pocket to catch the keys and feel the alcohol tester. Your first thought is that you don't need to use it, you don't feel drunk at all! But you see your kids playing, your wife smiling... They are everything to you, bringing you happiness every single minute spent on the Earth. Would you take any risk to lose this, even the lowest one? No, of course not. Thus you blow in the breathalyzer and find out you are not in proper condition for driving after all! You decide to let your wife drive and a while later you all arrive safely at home. For sure, you have made a wise and mature decision.

The Portable Breathalyzer is an advanced alcohol tester that checks and measures accurately your Blood Alcohol Content (BAC). Its portable size makes it very convenient to bring and keep permanently in your car or bag. It's also very easy to use: Just insert a mouthpiece, turn the breathalyzer on, follow the few steps on the screen, blow into it for 5 seconds, and you'll receive audio and visual warnings if you're over the limit. By controlling yourself before driving you will spare a lot of troubles - both physical and

Sensor Type: Flat Surfaced Alcohol Sensor (NM Hot-Wire)
Detection Range: 0.00-0.20BAC Percent, 0.00-2.00g/L, 0.00-1.00mg/L, 0.00-200mg/100mL
Alarm Level: 0.05BAC Percent, 0.50g/L, 0.25mg, 50mg/100mL
Accuracy: +/- 10 Percent
MCU Control
Digital LCD Display
Blue Light Backup
Operation Working Temperature: -10 to 50 Degrees Celsius
Power Source: 3AAA x Batteries (Not included)

Dimensions

Main product dimensions: 102x65x25mm (L x W x D)

Product Notes

The result of this test gives BAC for reference only. We do not take any legal responsibility for the results given.

This breathalyzer can still be used without the mouthpieces, but they assist in the direction of air flow for easier sensing.

Comes with blue backlighting for low light conditions.

Batteries not included.
