This beautiful free standing floor mirror with stand is a substantial piece that can add sophistication to a room. It can make an attractive and functional addition to your home as well as make your daily life easier and allows you to see your whole body as opposed to just part of it. You always want a mirror which gives you a true reflection of yourself, especially when looking at your outfit before leaving the house or being used simply for applying makeup and skin care. This free standing mirror can make for a stunning focal point in any room but especially in a bedroom. This piece is also a very simple way to make a room appear bigger than it really is as it reflects more light due to the larger surface area.
