Bajaj Stride 145 spares or complete bike running or not. Bike is two stroke, with 12V 80W AC electrical system. Specific spares I am looking for include left handlebar switch assembly (high/low dip switch, turn switch and brake switch), front brake lever switch (brake light switch), fuel cock, head light, black plastic shroud over handle bars, entire front suspension and hooter. This bike is very rare. Need spares. Contact.
