## DAP-1360

The D-Link ® Wireless N Range Extender (DAP-1360) is designed for users looking to create a new wireless network or easily extend coverage of an existing wireless network. The DAP-1360 also provides an excellent solution for upgrading your wireless network to Wireless N technology, which significantly outperforms previous-generation Wireless G. Flexible and multifunctional, the DAP-1360 includes a variety of features allowing it to serve as an access point, bridge with access point, repeater, or wireless client and is ideal for use in an existing home or small office wireless.
